

PLEASE READ THIS PAGE BEFORE TURNING TO THE CAST AND CREW LISTS

Thanks to all who are interested in participating in Jamestown's 2019 production, *Shirley Holmes and the Curse of the Missing Crown!* We had an overwhelming response with 185 Jamestown students registering for the chance to participate! As much as we want to take all students, we cannot accommodate everyone due to safety, space, and management issues. This year, we have 126 students participating in all aspects of the production with 59 students on various waitlists.

On Wednesday, November 28, we held a double-blind lottery for the choruses and the Set/Costume Crew. As many of you know, this is the 9th year that we have had to use a lottery due to high student interest in participating in the production.

To address the issue of students who register but are waitlisted for multiple years, and to adhere to the program goal of allowing as many students as possible the opportunity to participate, we instituted a new lottery procedure six years ago. As a reminder, the policy is that students who have registered to participate in the play TWICE and have been put on the waitlist TWICE (without having participated in a production) will be exempt from the lottery and will be offered a spot in the production. For example, a child who was placed in a lottery for both his kindergarten and 1st grade years will be offered a spot to participate in his 2nd grade year (assuming he registers). Please note that a child who was in a production during kindergarten but placed on the waitlist in 1st and 2nd grade will not be exempt from the lottery in 3rd grade because she was offered a spot to participate in her kindergarten year. In addition, please note that, if a child is picked in the lottery but decides not to participate, the child will be treated as if he/she participated for lottery purposes. Through the responses parents provided on registration forms and the theater program's records, we determined that there were several students exempt from the lottery this year. We hope the lottery policy alleviates parent and child stress because students are assured that they will be able to participate in at least one production before 4th grade if they register every year.
